

Metadata Guide

Eicher, "Collective Safety: The Impact of Labor Unionization on Workplace Injury Rates"

This study uses data from eight original data files, *ITA Data CY 2016.csv*, *ITA Data CY 2017.csv*, *ITA Data CY 2018.csv*, *ITA Data CY 2019.csv*, *ITA Data CY 2020.csv*, *ITA Data CY 2021.csv*, *ITA Data CY 2022.csv*, and *state.dta*. These files are stored in the **InputData/** folder (a subfolder of the **Data/** folder).

Supporting information for *ITA Data CY 2016.csv*

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2016 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "*ITA Data CY 2016.csv*". The name of the file has not been altered for this project.

No DOI has been assigned to this data set.

Additional information:

Definitions and coding of all the variables in *ITA Data CY 2016.csv* can be found in a document named "*ITA_Data_Dictionary.pdf*", a copy of which can be found with this metadata guide in the **Metadata/** folder (a subfolder of the **InputData/** folder). This document is available at https://www.osha.gov/sites/default/files/ITA_Data_Dictionary.pdf and was last updated in December 2023. This file also serves as the codebook for the six

other ITA datasets referenced in this document.

Supporting information for ITA Data CY 2017.csv

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2017 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "*ITA Data CY 2017.csv*". The name of the file has not been altered for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for ITA Data CY 2018.csv

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2018 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is

named "*ITA Data CY 2018.csv*". The name of the file has not been altered for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for *ITA Data CY 2019.csv*

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2019 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "*ITA Data CY 2019.csv*". The name of the file has not been altered for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for *ITA Data CY 2020.csv*

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2020 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "*ITA Data CY 2020.csv*". The name of the file has not been altered for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for *ITA Data CY 2021.csv*

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2021 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "*ITA Data CY 2021 submitted thru 8-29-2022.csv*". The name of the was changed to "*ITA Data CY 2021.csv*" for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for *ITA Data CY 2022.csv*

Bibliographic citation:

Occupational Health and Safety Administration (2023). *Injury Tracking Application Data: 2022 Summary Data* [Dataset]. Accessed at <https://www.osha.gov/Establishment-Specific-Injury-and-Illness-Data>, December 21, 2023.

Accessing the data:

A zipped folder containing the data file used for this paper can be downloaded from the URL given above. The data file contained in the zipped folder is named "CY 2022.csv". The name of the was changed to "*ITA Data CY 2022.csv*" for this project.

No DOI has been assigned to this data set.

Additional information:

Codebook same as for *ITA Data CY 2016.csv* (see above).

Supporting information for *state.dta*

Bibliographic citation:

Hirsch, B.T., Macpherson, D. A., and Even, W.E. (2023). *Union Membership, Coverage, Density, and Employment by State and Sector, 1983-2023* [Dataset]. Accessed at https://unionstats.com/state/states_index.html, December 21, 2023.

Accessing the data:

The Stata .dta file can be downloaded from the URL given above in the dataset citation. The link to download the dataset is “1983-2023”, the only link in the “STATA DATA SET” section of the page. The data file is named “*state_1983_2023.dta*”. The name of the was changed to “*state.dta*” for this project.

No DOI has been assigned to this dataset.

Additional information:

A detailed description of the construction of the dataset can be found in the following paper:

Macpherson, David A. and Barry T. Hirsch. 2023. “ Five decades of CPS wages, methods, and union-nonunion wage gaps at Unionstats.com.” *Industrial Relations: A Journal of Economy and Society* 00: 1–9.
<https://doi.org/10.1111/irel.12330>

Definitions and coding of all the variables in *state.dta* can be found in a document named “*Unionstats_Data_Dictionary.pdf*”, a copy of which can be found with this metadata guide in the **Metadata/** folder (a subfolder of the **InputData/** folder). This document is adapted from the “Data Description” section of https://unionstats.com/state/states_index.html and was last updated in April 2024.
